Machine learning

HACKATHON

15.-16.11.19

PARTICIPATION CERTIFICATE

We certify hereby that

Faizan Mustafa

participated in MACHINE LEARNING HACKATHON with Daimler and PionierGarage

in Sindelfingen / Karlsruhe, Nov 15-16, 2019.

The challenge was to classify the CAD images of car parts where each part

had eight image files from different perspectives.

The task was aimed at generating assembly instructions in an automated way
using the predictions.
